The City of Salzburg

Salzburg is the fourth-largest city in Austria and the capital of the federal state of Salzburg. Its old town (“Altstadt”) has internationally renowned baroque architecture and one of the best-preserved city centres north of the Alps. It was listed as a UNESCO World Heritage Site in 1997. The city is the birthplace of 18th-century composer Wolfgang Amadeus Mozart and famous for its attractive setting and scenic Alpine backdrop. In the mid-20th century, the city was a filming location for parts of the musical play and film "The Sound of Music".

Things to See and Do in Salzburg

Fortress Hohensalzburg

Peaking out high above the baroque towers of the city, the Fortress Hohensalzburg is a real eye-catcher. Salzburg’s unmistakable landmark provides the city’s world famous silhouette. Even from afar visitors are able to appreciate the might of this edifice. Up close the history contained in these powerful walls is almost tangible.

Coffee culture

Austria is renowned for its café culture and Salzburg has many great “Kaffeehäuser”, from the traditional surrounds of Tomaselli, Bazar, Fingerlos to the more modern settings of Glüxfall, 220 GRAD and Afro Café. Try not only the coffee but also the delicious pastries!

Hellbrunn Palace & Trick Fountains

Water was the central theme in the palace's design. The numerous sources in Hellbrunn Mountain give the estate its effervescent life. With fountains hidden in the shade of bushes and trees or jetting out from unexpected hiding places, the world-famous Wasserspiele have been the main attraction at Hellbrunn for almost 400 years.

HANGAR-7

Hangar-7 at Salzburg Airport is a unique building which houses the historical Flying Bulls aircraft fleet and a collection of Formula 1 racecars. Hangar-7 also offers space for art exhibitions, a gourmet restaurant Ikarus, bar, café, and outdoor lounge. Apart from being an events location it is also a meeting point for art lovers and bons vivants.

Museum of Natural History and Technology

The museum features an aquarium, reptile zoo, dinosaur hall, world of crystal, space show, journey through the human body, the Salzach lifeline, sea world, and a science center. The aquarium, justifiably considered one of the most beautiful aquariums in Central Europe, is a particularly popular attraction for young and old.
